

An aerial photograph of a vast, dense forest of coniferous trees, likely spruce or pine, stretching across rolling hills. The sun is low on the horizon, creating a warm, golden glow over the landscape. The sky transitions from a pale yellow near the horizon to a clear blue at the top. The text 'METSÄHALLITUS' is centered in the image in a white, sans-serif font. Above the text is a green arrow pointing down, and below it is a blue arrow pointing up.

# METSÄHALLITUS

# We are a state-owned enterprise

- Metsähallitus is a state-owned enterprise that uses, manages and protects state-owned land and water areas responsibly and sustainably.
- The Metsähallitus Group includes both business activities and public administration tasks.
- The public administration services are managed separately from business operations and funded by appropriations allocated to them in the state budget and income from permit sales.
- We reconcile different objectives and expectations of the owner, stakeholders and customers in our work.

# CURRENT AFFAIRS IN MINERAL EXPLORATION:

Cooperation and communication with companies operating in areas managed by Metsähallitus are smooth

- \* Meetings
- \* Participation in events as possible
- \* Field visits

Land owner fees come mostly on time; permit ID is essential for payment allocation!

Some mineral exploration permits are reaching the legally defined maximum age of 15 years

\* Requests to remove the obstacle related to this for the new exploration permit have been received to some extent
